Rules concerning Husbandry.

When you would plant or graft, consider where the wind bloweth: if it be in the South, it is very good for that purpose, but if it be in the North or East, it is not good.

It is good to plant or graft generally the Moon increasing in these signs: Taurus or Aquarius in the beginning of the Spring, or latter end of Winter.

Plant trees for continuance, when the Moon is in Taurus, Leo, or Aquarius.

Cut timber to have it sound, in December, or January, in the wane of the Moon in Aquarius or Pisces.

Prune trees and pull off the moss in the month of January.

Plash hedges and lop trees for fuel, that the beams may the sooner grow again, when the Moon is in Aries or Libra, and in her increase.

Set young oak-trees, from September to March.

Remove young trees in the last quarter of the Moon, when she is in Aries, Libra, Scorpio: and in these months, September, November, February.

Set vines in February, March, or September, especially the Moon in Aries, Libra, Scorpio in her increase.

Set Rose-trees in the middle of February, when the Moon increaseth.

Cut or prune trees in March or April, the Moon in Taurus, Virgo, or Capricorn.

Gather fruit, as Apples, Pears, and the like, at the full of the Moon, in the afternoon, the weather being fair and dry.

Cut down Hay presently after the full of the Moon. Lung ground to prevent the growing of weeds, the Moon decreasing.

Sow Carrot-seeds about the end of February or the beginning of March, the Moon increasing.

Sow Onions and Leeks in February or March, at the wane of the Moon.

Set Cucumbers and Melon seed, not above an inch in depth, from the first of April to the 20 in the increase of the Moon.

rotten horse-dung, look well to your cattel, water and
keep moist your meadows, let horses blink, and to com-
pote drink good wine and strong drink, keep thy house
warm clad, thy house warm and dry, banish all
fears from thy heart, and feast thy poor neighbours,
rejoicing that God sent his only begotten Son about
this time into the world, to save all such as lay
hold on him with a true and lively faith.

Ruptures or Broken Bellies.

Present help for Men, Women, or Chil-
dren, by a Traveller famous in Germany
and other Countries for his practice this five
and twenty Years; and maketh all sorts of
Trosses easie, none such made in England, as
these be found by experience. He helps those
at a distance, as well with directions, as those
in London, and helps those that cannot hold
their Water, or bearing down in their Privy
Parts, and maketh strait Stockings. The Poor have ad-
vice for nothing. Take it in time. By R. Collins. From
